BLEED AREA: TEXT AND IMAGES IN THIS RED SHADED AREA WILL BE TRIMMED

ARTWORK GUIDELINES:

- Vector art preferred: PDF, AI, EPS.
- Outline all fonts.
- Make sure to align the left and right side of the print area to create a seamless pattern. Artwork should be formatted to repeat every panel.
- If you wanted to design in portrait you can use the inverse dimension.

SAFE ZONE

DO NOT place important texts or images beyond the green dotted area to ensure that elements would not get cut.

TRIM LINE

Blue dotted line is the actual cut of the final design.

BLEED

Extend the background of your artwork to the edge of this template if you want your artwork to extend to the edge of your final prints. 1/8 inch bleed on each side is our requirement.

BORDERS

If your artwork has borders, it's thickness should be at least 3/8" from the trim line in order to preserve the symmetry of your design.

Print Template (FRONT ONLY)

Product: Custom Tape - Water Activated

Size: 2.75(W) x 12(H)

Artwork Orientation: Horizontal
